The portable Coleman 2-Watt Solar Battery Maintainer is used to maintain the batteries of cars, SUVs, boats, and tractors and more. This unit is completely maintenance free and easy to install.

Why do you need a battery charger?

These handy devices use the sun's power to keep your batteries topped up, so you're ready to roll when it's time to mow the back forty, haul hay, or head out to check fence lines. No more wrestling with dead batteries after a long spell of sitting idle, especially during the dog days of August when the heat can be tough on traditional batteries.
