Participants. What is the 2023 energy storage international conference?

The 2023 Energy Storage International Conference, jointly organized by the Institute of Engineering Thermophysics, Chinese Academy of Sciences, China Energy Research Society and China Energy Storage Alliance, was successfully held in Beijing Shougang Exhibition & Convention Center on April 7-9, 2023.

What is the International Energy Storage Innovation Competition awards ceremony?

The 6th and 7th International Energy Storage Innovation Competition Awards Ceremony was then held to recognize the winning companies and individuals who have made significant contributions to the fields of energy storage technology innovation and business model promotion over the past year.

Why should you attend the energy storage global conference?

This edition of the Energy Storage Global Conference provided valuable insights on energy storage and showcased itself as a leading event for the industry giving access to current knowledge and important contacts in the field.

Who hosted the opening ceremony of China energy storage Alliance Conference?

The opening ceremony of the Conference was hosted by Ms. LIU Wei, Secretary General of China Energy Storage Alliance.

What is energy storage frontier technology conference (esftc)?

More than 200 energy storage industry experts brought wonderful reports. During the Conference, the "Energy Storage Frontier Technology Conference (ESFTC)" was organized. While, the launching ceremony of " Long-Duration Energy Storage Technology Special Committee of China Energy Storage Alliance " was held in the ESFTC opening ceremony.

What is the future of energy storage technology?

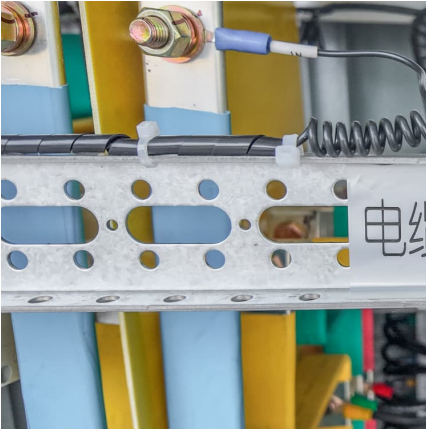

Looking ahead, traditional lithium-ion battery energy storage technology will

still dominate; compressed air energy, flow batteries and other long-duration energy storage technology will also be accelerated to apply in the electricity sectors. The development of more new energy storage technologies will come out of the laboratory into the market.
