## Overview

---

What are base year costs for utility-scale battery energy storage systems?

Base year costs for utility-scale battery energy storage systems (BESSs) are based on a bottom-up cost model using the data and methodology for utility-scale BESS in (Ramasamy et al., 2023). The bottom-up BESS model accounts for major components, including the LIB pack, the inverter, and the balance of system (BOS) needed for the installation.

How much does a battery system cost?

COST OF LARGE-SCALE BATTERY ENERGY STORAGE SYSTEMS PER kW Looking at 100 MW systems, at a 2-hour duration, gravity-based energy storage is estimated to be over \$ ,100/kWh but drops to approximately \$200/kWh at 100 hours. Li-ion LFP offers the lowest installed cost (\$/kWh) for battery systems across ma.

What happened to battery energy storage systems in Germany?

Small-scale lithium-ion residential battery systems in the German market suggest that between 2014 and 2020, battery energy storage systems (BESS) prices fell by 71%, to USD 776/kWh.

How much does a battery cost per kilowatt?

wer costs per kilowatt and higher costs per kilowatthour. For example, a \$12 million battery system with a nameplate power capacity of 10 megawatts and nameplate energy capacity of 4 megawatthours would have relatively low power costs (\$1,200 per kilowatt) a.

How much does lithium ion battery storage cost?

r (kWh) of lithium-ion battery storage was around \$1,200. Today, thanks to a huge push to develop cheaper and more powerful lithium-ion batteries for use in electric vehicles (EVs), that cost has dropped to between \$150 and \$200 per kWh, a d by 2025 it had been predicted to fall to under \$100/kWhThe

future.

Are battery storage costs based on long-term planning models?

Battery storage costs have evolved rapidly over the past several years, necessitating an update to storage cost projections used in long-term planning models and other activities. This work documents the development of these projections, which are based on recent publications of storage costs.
