

# Average off grid battery system price per 15MW in Greece

## Overview

---

How many mw subsidized battery storage in Greece?

Home » News » Renewables » Greece awards 188.9 MW for subsidized battery storage in final auction Greece's third energy storage auction has been completed, with nine projects selected and a capacity of 188.9 MW.

Which energy plants will be installed in Greece?

The rest of the list comprises Amber Energy (18 MW), Plain Solar (7.9 MW), Enercoplan (25 MW), Arkadia Storage (10 MW), Heliothema (10 MW) and Ardassa Energy (18 MW). The facilities will be installed in the Western Macedonia region in northern Greece and in the municipalities of Megalopolis, Tripoli, Gortynia and Oichalia in the Peloponnese region.

How many MW is a battery energy storage system?

It was the final auction where the state provides subsidies to build battery energy storage systems (BESS). A total of almost 800 MW in capability has been awarded through all three storage auctions. In the latest bidding, nine projects with a four-hour storage duration have been selected for a total capacity of 188.9 MW.

What markets can batteries access in 2022?

According to the battery framework passed into law in July 2022, batteries can access four main markets: Volatility in the DAM and ID markets is expected to rise.

What factors influence Bess prices battery technology?

Key Factors Influencing BESS Prices Battery Technology: Lithium-ion batteries dominate the market, particularly Lithium Iron Phosphate (LFP) and Nickel Manganese Cobalt (NMC) chemistries. LFP has become more popular than the other due to its lower cost and longer lifespan.

When will a new battery system be installed?

The Ministry of Environment and Energy has already published a decree setting the rules for the installation of 4.7 GW of new battery systems until 2030. Investors are getting ready for future auctions. They will submit their applications to the Regulatory Authority for Energy, Waste and Water (RAEWW or RAAEY).

## Average off grid battery system price per 15MW in Greece
