

# Bass pro solar battery charger

## Overview

---

What type of battery charger does a Bass Pro Shop have?

Our Bass Pro Shops XPS ProSeries Marine Battery Chargers have 3 selectable 5-stage, digitally controlled charge profiles, performance-matched for Flooded (Lead Acid), AGM, and GEL batteries. The Multi-Function Bar Graph display lets you know the charge mode and completion percentage for each battery.

What type of battery should I use for my Bass Pro?

That depends on your needs. You can't go wrong with a classic AGM or sealed lead-acid (SLA) battery, or you can step up to a lithium marine battery for more power with lighter weight. MarCum, Bass Pro Shops, and Tracker Marine batteries bring industry-leading power and reliability.

Where can I find the best marine battery chargers?

Bass Pro Shops carries the fishing and hunting industries' best selection of top-quality marine chargers and accessories so you can spend less time charging and more time enjoying life's adventures. Charge up your boating on the water or in storage with the right onboard battery charger for your needs.

Do you need a marine battery charger?

Charge up your boating on the water or in storage with the right onboard battery charger for your needs. Today's chargers bring microprocessor-controlled, multistage charging to maintain an optimal charge and even maintain and recondition your marine battery during storage.
