

Battery box with solar regulator

Overview

What is a bba-1 solar battery box enclosure?

The BBA-1 Solar Battery Box Enclosure is a heavy-gauge aluminum weather-proof NEMA 3R rated lockable battery enclosure perfect for 1 Group 27 size battery (or other appropriately sized batteries and charge controllers) for your off-grid solar industrial or commercial application. Can be mounted to poles or flat surfaces.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

What are the best solar battery boxes and enclosures?

Unbound Solar offers durable solar battery boxes and enclosures that are ideal for off-grid or grid-tie with battery backup systems. Browse our selection today. Our Solar Battery Guide will help you size your battery bank properly and keep things running smoothly by ensuring a well-designed system that protects your batteries.

What is the function of a solar battery regulator?

Solar battery regulators are used in solar systems to regulate the battery voltage, preventing overcharging and potential damage to the battery. Choose from our selection of regulators that provide a reliable regulated output.

What is a battery enclosure box?

Battery enclosure boxes also feature locking mechanisms that protect unauthorized people against possible electrical dangers if they happen to be

tampering with your equipment. Our battery enclosures can be pole-mounted or ground-mounted and are suitable for indoor and outdoor applications.
