Solar batteries are a long-term investment that can help you reduce power bills, increase solar self-consumption, and provide backup during outages. But with over 30 brands on the market—and wildly different pricing, warranties, and tech specs—picking the best battery for your home can be.

Australia's residential battery market is crowded, but five names keep rising to the top in 2025: Sigenergy, Sungrow, Tesla, FranklinWH, and Enphase. Sigenergy's integrated SigenStor promises future-proof flexibility; Sungrow's modular SBR HV remains an installer favourite for value; Tesla's.

One of the overall best solar batteries remains the Tesla Powerwall 2 — however, it is likely to be discontinued soon following the release of the Powerwall 3. The solar battery that's best for you will boil down to your unique needs and wants. We recommend speaking to a qualified solar installer.
