

Charge it by solar battery charger

Overview

The CHARGE IT! 4735 provides fast, versatile battery charging and boosting 12 V batteries and vehicle systems. Features multiple automatic 12 V charging rates up to 40 A for convenience and 200 Amp engine starting assistance.

The CHARGE IT! 4735 provides fast, versatile battery charging and boosting 12 V batteries and vehicle systems. Features multiple automatic 12 V charging rates up to 40 A for convenience and 200 Amp engine starting assistance.

This 6/12V 6/2A Battery Charger is designed for charging 12V deep cycle batteries. This unit features both a battery clamps and ring terminals to fit all types of batteries. The smart charger will automatically shut off when the battery is fully charged. This charger has solid state technology.

The CHARGE IT! 4735 provides fast, versatile battery charging and boosting for 6 and 12 Volt batteries and vehicle systems. Features multiple 12 volt charging rates up to 40 amps for convenience and 200 amp engine starting assistance. Its angled control panel allows easy observation during the.

Always follow the specific instructions in this manual and on the SOLAR Battery Charger each time you use the SOLAR Battery Charger. the presence of fire or sparks. Do not smoke, use matches or a cigarette lighter while near batteries. Do not handle the battery while wearing vinyl clothing because.

The CHARGE IT! 4745 offers fast, beneficial battery charging and boosting in an economical, space-saving design. It features multiple 12/24 Volt charging rates for convenience and 230 Amp engine starting assistance. Its slimline design offers easy mobility and convenient storage in crowded shops.

The CHARGE IT! 4735 provides fast, versatile battery charging and boosting 12 V batteries and vehicle systems. Features multiple automatic 12 V charging rates up to 40 A for convenience and 200 Amp engine starting assistance. Its angled control panel allows easy observation during the application.

The CHARGE IT! 4735 provides fast, versatile battery charging and boosting 12 Volt batteries and vehicle systems. Features multiple automatic 12 Volt charging rates up to 40 Amps for convenience and 200 Amp engine starting assistance. Its angled control panel allows easy observation during the.
