

Commercial solar battery installation california

Overview

Where can I find commercial solar installers in California?

If you're searching for commercial solar installers in California, contact Sunistics. Get a proposal within a few days by calling us at 323-393-0375 or emailing customer@sunisticsgroup.com. Sunistics is located at 2272 Colorado Boulevard, Los Angeles, CA, 90041, United States.

Is investing in commercial solar a good decision?

Commercial solar is a good investment for businesses, typically offering a return on investment (ROI) in about three years due to major tax credits and significant savings on electricity bills. Currently, these savings can be as much as 80%. However, with changes coming to California, these numbers might not be around for much longer. Get a quote for Energy Storage.

Why should you choose California Solar?

California Solar delivers the highest value on solar and/or battery projects. California Solar is your full service solar & battery solution for commercial and residential properties throughout California. California Solar delivers the highest internal rate of return to maximize your return on investment.
