

Concorde solar batteries

Overview

What is Concorde?

Concorde is a battery manufacturer that has been producing the Sun Xtender deep-cycle AGM battery for solar energy system applications since 1987. The solar battery line from Concorde is the leading battery available in the renewable energy battery market in the USA due to its quality, design expertise, and customer focus.

Who is Concorde Battery Corporation?

Visit us on our website to learn more about us. Concorde Battery Corporation manufacturers specialty agm aircraft batteries and is the leading producer of agm batteries for marine, rv, solar, aircraft and wheelchair applications. Concorde also offers a variety of industrial agm batteries in deep cycle and starting batteries.

What are Concorde solar batteries?

Concorde batteries have been proven and adopted by worldwide commercial and military users. Concorde now offers Sun Xtender® solar batteries that are application design specific, engineered and produced for consistent, dependable power requirements for demanding remote off-grid solar power.

What is a Concorde Sun Xtender battery?

The Concorde Sun Xtender PVX-2580L AGM battery is a sealed, valve regulated lead acid (VRLA), absorbed glass mat (AGM) battery designed for off-grid solar power systems. This model features "L" Blade (solid copper) terminals. All Sun Xtender batteries are supplied with silicon bronze bolts, nuts, and washers required for installation.

Are Concorde batteries sealed?

Batteries made by Concorde are called sealed or AGM (absorbed glass mat) and have a maximum number of lead plates and electrolyte content stored in

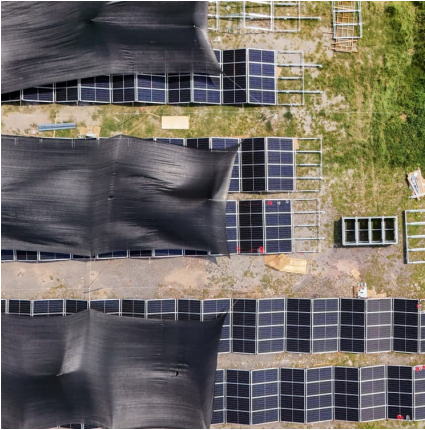

the same space. Concorde says the cells are sealed with pressure relief valves that keep gasses inside the battery. The plates are sandwiched between layers of fiberglass mat.

What type of battery does a Concorde aircraft use?

Cell Construction: Concorde aircraft batteries are valve-regulated, recombinant gas, absorbed electrolyte, lead acid batteries. The cells are sealed with a pressure relief valve that opens when the internal pressure exceeds the valve's relief pressure, then re-closes.

Concorde solar batteries

[Concorde Sun Extender Solar Batteries](#)

Concorde Battery Corporation has manufactured the Sun Xtender Solar Batteries since 1987. The Sun Xtender is a deep cycle AGM battery that is specific for storing solar energy produced by ...

[Concorde Sun Xtender PVX-2580L 8D 12 Volt AGM...](#)

Concorde batteries have been proven and adopted by worldwide commercial and military users. Concorde now offers Sun Xtender® solar batteries that are application design specific, engineered and produced for consistent, ...

Concorde Sun Xtender PVX-2580L 8D 12 Volt AGM Solar Battery

Concorde batteries have been proven and adopted by worldwide commercial and military users. Concorde now offers Sun Xtender® solar batteries that are application design specific, ...

Concorde ® Battery

Concorde® Battery Corporation is a manufacturer of premium quality lead-acid batteries. The present product lines include valve regulated sealed lead-acid batteries (VRSLA) for

aircraft, ...

Concorde Sun Xtender® Batteries for Solar Power Systems

Sun Xtender® solar batteries from Concorde Battery Corp are specifically designed to perform under the environmental and electrical conditions unique to photovoltaic systems.

Concorde SunXtender Batteries , SunWize , Power Independence

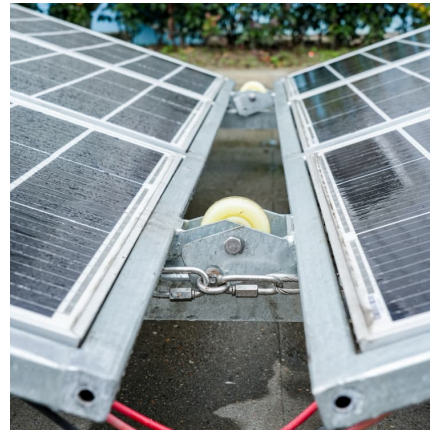

As a leading Tier 1 distributor of Concorde battery products, SunWize sells Concorde SunXtender batteries to leading customers throughout North America and beyond.

Sun Xtender Solar Batteries

The Sun Xtender Battery line consists of specialty lead-acid solar, photovoltaic batteries, and renewable energy storage batteries manufactured by Concorde Battery Corporation.

Concorde ® Battery

Concorde® Battery Corporation is a manufacturer of premium quality lead-acid batteries. The present product lines include valve regulated sealed lead-acid batteries (VRSLA) for aircraft, marine, medical, telecommunications, ...

Concorde Sun Xtender AGM Solar Batteries

Concorde Battery Corporation manufactures Sun Xtender solar batteries featuring Concorde's sealed, valve regulated lead acid (VRLA), absorbed glass mat (AGM) designs.

Concorde Battery

Concorde battery has been manufacturing and providing solar energy systems with energy storage capabilities since 1987. The company has remained on the forefront of quality and ...
