

Construction status of pumped hydro storage projects in washington

Overview

What is the largest pumped storage project in the Pacific Northwest?

The Goldendale Energy Storage Project would be the largest pumped storage project in the Pacific Northwest. A controversial energy project in south central Washington is one step closer to breaking ground.

Who supports the Goldendale pumped storage project?

Inslee has supported the Goldendale Pumped Storage Project, signing a bill in 2020 that deemed the project of statewide significance and expediting its permitting process. Environmental groups also have strongly advocated for more tribal consultation.

Could two reservoirs near John Day Dam generate electricity?

Two reservoirs sited next to the John Day Dam would generate electricity if a project near Goldendale is approved. Illustration from FFP Project. Click to enlarge. Water for the Goldendale Energy Storage project would be drawn from the Columbia River under a permit that once served the aluminum plant.

Would FERC's pumped storage project be worth the cost?

According to the document, the alternative proposed by FERC would be worth the cost. The closed-loop pumped storage project would act like a battery. It would pump water more than 2,400 feet above the Columbia River. The water would stay in a 61-acre upper reservoir until more energy is needed.

Construction status of pumped hydro storage projects in washington

[PUMPED STORAGE HYDRO: A GIANT WATER BATTERY](#)

The multibillion dollar project, located about eight miles southeast of Goldendale, Washington, uses pumped storage hydropower to store excess electricity in a high-elevation reservoir and ...

Technology Strategy Assessment

About Storage Innovations 2030 This report on accelerating the future of pumped storage hydropower (PSH) is released as part of the Storage Innovations (SI) 2030 strategic initiative.

...

National Hydropower Association 2021 Pumped Storage Report

A new addition in this report is the "frequently asked questions" section. A primary goal of this paper is to offer the reader a pumped storage hydropower (PSH) handbook of historic ...

A Report to the Washington State Legislature June 2025 ...

While the House Bill language alluded only to pumped storage, and not pumped storage hydro-power, any deep Internet search of 'pumped

storage' will result in the inclusion of hydropower.

[Progress on Idaho's Cat Creek Energy and Water Project](#)

Hydro Leader: Please introduce CCEW. Peggy Beltrone: CCEW delivers simultaneous daily and multiday energy storage through an advanced configuration of pumped storage hydropower. It
