

# **Energy storage new energy board**

## Overview

---

Who approves the Garden State energy storage program (gsesp)?

The program is authorized and overseen by the New Jersey Board of Public Utilities (NJBPU), and its website is The New Jersey Board of Public Utilities (NJBPU) today approved Phase 1 of the Garden State Energy Storage Program (GSESP).

What is Phase 1 of New Jersey's energy storage program?

Phase 1 of the program will help New Jersey quickly add these new energy storage systems to the grid. This extra capacity will help bring down the high costs that have been driving up electricity bills, thus supporting state efforts to keep rates affordable for consumers.

What is the Garden State energy storage program?

“The Garden State Energy Storage Program is part of our commitment to addressing the causes of rising electric rates, ultimately putting more money back into the pockets of New Jersey families.

How do I apply for the Garden State energy storage program?

For comprehensive information on the Garden State Energy Storage Program, including eligibility criteria, application processes, and program details, please visit the New Jersey Clean Energy Program website at [Application materials](#) will be posted by June 25.

Does New Jersey have energy storage goals?

The State of New Jersey has one of the most ambitious storage targets in the nation, with a statutory mandate to achieve 2,000 megawatts (“MW”) of installed energy storage by 2030.

What is a journal of energy storage?

The Journal of Energy Storage focusses on all aspects of energy storage, in particular systems integration, electric grid integration, modelling and analysis, novel energy storage technologies, sizing and management strategies, business models for operation of storage systems and energy storage. Tian-E Fan, . Baihua Qu Farzad Ghafoorian, .
