

# Enterprise ESS system cost vs benefit calculation in Canada

## Overview

---

How much does it cost to provide employee benefits?

We'll explain why that is and the approximate cost of providing employee benefits. On average, employers should expect to spend anywhere from 15% to 30% of their annual payroll on employee benefits. This includes statutory benefits such as Canadian Pension Plan, Employment Insurance, and the provincial healthcare tax.

How much does Employment Cost in Canada?

In reality, the total cost of employment in Canada typically ranges from 120% to 150% of the base salary. Understanding these additional costs is crucial for accurate financial planning and sustainable business growth. Canadian employers are legally required to make several mandatory contributions for each employee:.

How much do benefits add to the cost of employment?

On average, benefits add 10% - 20% to the employee's base salary cost. Several other expenses contribute to the total cost of employment: Employment costs can vary significantly based on the province or territory where your employee works. Here's how different regions compare:.

What are the benefits of employee benefits?

Healthier employees – Benefits help keep your employees healthier by making health care costs easier to afford, which can lead to fewer sick days. Morale boost – Knowing you care about their well-being builds loyalty and appreciation. Tax advantages – The cost of many employee benefits can mean a tax deduction for the employer.

How much does employee compensation cost a business?

Determining the full cost of an employee extends beyond just their base salary. To accurately budget, businesses need to calculate the total cost of

compensation. According to research from Intuit QuickBooks, every \$1 spent on base salary costs an additional \$0.25-0.40 for the employer.

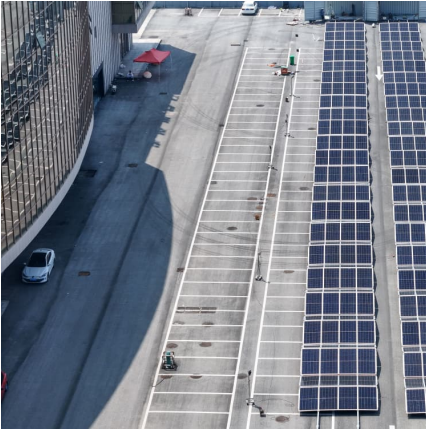

What benefits does a full-time employee get in Canada?

Any full-time employee in Canada is entitled to receive employee benefits and perks from their company. Although the benefits may vary from one company to another, companies are legally required to offer government-mandated benefits such as CPP, sick days, PTO, etc. Most companies also offer health and dental, AD&D, etc., to their employees.
