

Exide solar battery

Overview

Why should I choose Exide tubular solar batteries?

Exide's Tubular Solar Batteries are many steps ahead of other available options in the market. The reasons that make this product a superior choice are:.

Who makes Exide solar tubular battery?

Pioneers in the industry, we offer exide solar tubular battery and exide solatron tubular battery from India. The Exide Solar Tubular Battery manufactured by Exide are many steps ahead of other available options in the market.

What types of batteries does Exide manufacture?

Exide manufactures a variety of batteries. They produce automotive batteries, industrial batteries, genset batteries, solar batteries, inverter batteries, home UPS batteries, and submarine batteries. These batteries are part of Exide Industries' marketing mix product strategy.

What is the price of an Exide Solar Battery?

The price of an Exide Solar Battery is between ₹12,300 - ₹14,000 per Piece during Jan '21 - Dec '21. These are indicative values based on popular product prices.

What is the capacity of Exide Battery?

Featuring a battery capacity of 75 Ah and a voltage of 12V, this Exide battery ensures a reliable and consistent power supply. It is certified under IS 13369, assuring you of its quality and safety standards. The model number for this battery is 6LMS75, symbolizing its efficiency and power output.

What are the benefits of using an Exide Battery?

Exide batteries offer several benefits, including recharging faster, providing high starting power, and being maintenance free (fully sealed, no water topping required). They also feature calcium technology, making them ideal for extreme weather and urban conditions.

Exide solar battery

SOLAR BATTERIES - Motive Power

Exide solar batteries are designed for efficient storing of energy and providing power optimally whenever required. These batteries withstand daily charge-discharge cycle, work even in ...

SOLAR BATTERIES - Motive Power

Exide solar batteries are designed for efficient storing of energy and providing power optimally whenever required. These batteries withstand daily charge-discharge cycle, work even in partial state of charge condition and recharge fast.

[Exide Solar Tubular C10 100AH Inverter Battery](#)

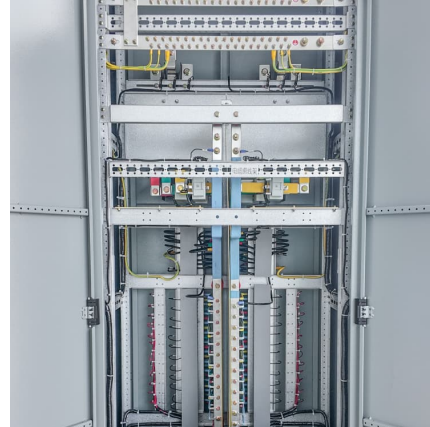

The Tubular batteries manufactured by Exide are many steps ahead of other available options in the market. The reasons that make this product a much superior performer lies in selectively chosen alloy, high pressure casting in ...

Exide

Sonnenschein Solar is a premium range developed for applications that require exceptional cycling performance. It has premium energy-saving features and excellent reliability

and has ...

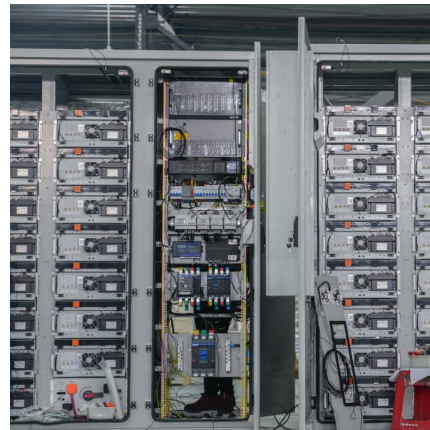

[Exide Solar Tubular C10 100AH Inverter Battery](#)

The Tubular batteries manufactured by Exide are many steps ahead of other available options in the market. The reasons that make this product a much superior performer lies in selectively ...

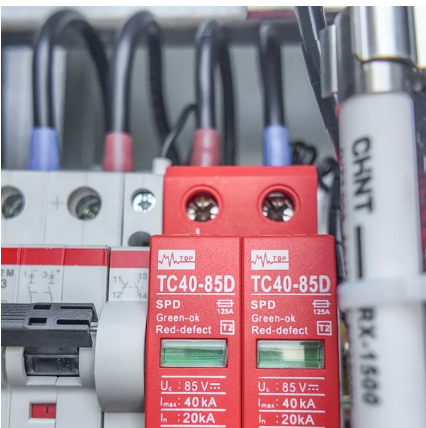

Exide Industries

Exide Solar Batteries are designed to meet the evolving demands of renewable energy applications. Developed through state-of-the-art manufacturing processes and rigorous quality ...

[EXIDE \(INDUSTRIAL LOW MAINTENANCE TUBULAR](#)

Exide 12V and 6V low maintenance battery for Solar photovoltaic application comes with high quality TORR Tubular plate and its performance characteristics conform to IS 13369 : 1992 ...

Exide Industries

With technologically advanced attributes, and wide range of in-built customizability options with each product, high performance tubular solar batteries from Exide are a popular choice among ...

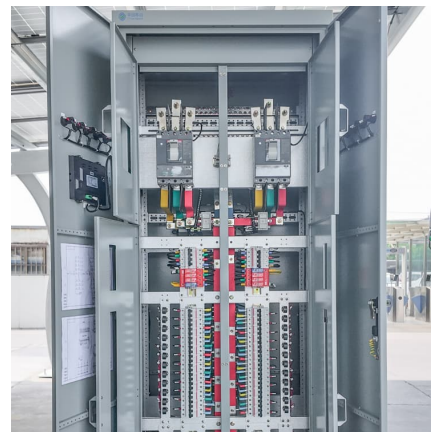

[Exide SOLATUBULAR 6LMS75 12V 75Ah Solar Tubular Battery](#)

Featuring a battery capacity of 75 Ah and a voltage of 12V, this Exide battery ensures a reliable and consistent power supply. It is certified under IS 13369, assuring you of its quality and ...

Exide

Sonnenschein Solar is a premium range developed for applications that require exceptional cycling performance. It has premium energy-saving features and excellent reliability and has been used for decades in many of the world's most ...
