

# **North asia releases energy storage policy**

## Overview

---

With Document 136 abolishing mandatory energy storage requirements and Document 394 pushing for comprehensive electricity spot market coverage, this policy combo directly addresses two critical aspects of the energy storage industry: revenue logic and safety baseline.

## North asia releases energy storage policy

---

### Breaking Free from Carbon with a Clean Energy Shift in the Asia ...

Unlike fossil fuels, which release greenhouse gases that contribute to global warming, CFE technologies include nuclear energy, renewable energy (such as wind and ...
