

Office building energy storage project financing options in Egypt 2025

Overview

Could battery storage be a game-changer for Egypt's energy sector?

The integration of battery storage with solar PV is a game-changer for Egypt's energy sector, providing reliable and dispatchable renewable energy and reducing reliance on fossil fuels. It not only meets Egypt's current energy needs but also sets a precedent for future dispatchable hybrid renewable energy projects in the region.”.

How does solar power work in Egypt?

It takes Egypt's green energy transition to another level by harnessing the power of the sun, not just during the day but also at night, thanks to the combination of solar and battery storage. The project addresses the growing demand for electricity and reduces the need to import expensive fossil fuels.

How does the EBRD invest in Egypt?

The EBRD's areas of investment in Egypt include the financial sector, agribusiness and manufacturing and services, as well as infrastructure projects in the power, municipal water and wastewater service sectors, and contributions to upgrading the transport sector.

Office building energy storage project financing options in Egypt 20

Scatec's 1.1GW Photovoltaic and Energy Storage Project in Egypt

According to Wechat Official Account @ziliaokuzxx, Norwegian company Scatec ASA has initiated the construction of the 1.1GW Obelisk solar project in Egypt, accompanied by ...

AfDB approves \$184.1 million for Africa's largest solar ...

The project will feature a 1-gigawatt solar photovoltaic (PV) facility and a 200MWh battery energy storage system, according to the bank's website. Located in the Qena Governorate of southern Egypt, the project ...

[African Development Bank part-funds Egypt's solar ...](#)

The African Development Bank Group (AfDB) has approved up to \$184.1 million in financing for Egypt's Obelisk solar power and battery storage project. The project involves the construction and operation of a one gigawatt ...

Scatec and Amea Power to Build Landmark Solar +Energy Storage Projects

The project aims to build a 1 GW solar and 100 MW/200 MWh storage hybrid project in Egypt. Scatec's CEO, Terje Pilskog, stated, "This will be

Egypt's first hybrid solar and ...

Energy Storage Financing: Advancing Contracting in Energy ...

The Energy Storage Financing study series is an outreach effort to the financial industry to help reduce and mitigate the risk of investing in energy storage technologies and projects.

[The Project Financing Outlook for Global Energy ...](#)

Similar to other renewable energy projects, the addition of construction bridge debt provides an additional source of capital to pay construction costs, but also adds complexity to the project financing of an ...

[AfDB to fund Egypt's Obelisk solar and battery ...](#)

The African Development Bank (AfDB) has approved a \$184.1 million financing package for the development of the Obelisk 1-gigawatt solar photovoltaic project and a 200 mega watt (MW) battery energy storage system ...

[North Africa & Egypt Energy Overview Report 2025](#)

After a challenging year for the electric power sector, with spiking costs and extreme climate events continuing to test grid resilience, industry and policymakers across the global North and ...

Egypt: Solar energy, battery storage facility to be built next year

Construction on a solar and battery storage hybrid project in Egypt is set for the first half of 2025. The project will encompass a 1GW solar and 100MW (200MWh) battery ...

[AMEA Power Secures Financing for Egypt's First](#)

...

AMEA Power has reached financial close on Egypt's first utility-scale battery energy storage system (BESS), a 300 megawatt-hour project to be integrated with its existing 500 megawatt solar photovoltaic plant in the Aswan ...

[Egypt's 1GW / 200MWh solar-plus-storage project](#)

...

The European Bank for Reconstruction and Development (EBRD) has provided a US\$30 million equity bridge loan to support Egypt's first major hybrid renewable energy project, which has now officially broken ground. ...

AfDB announces \$184m for solar and battery storage project

The African Development Bank Group (AfDB) has approved a financing package worth up to \$184.1m to support the development of the Obelisk solar photovoltaic project in ...

INTRODUCTION

The thesis uses the analytical process by studying three approved office buildings as an example that includes regenerative design principles. To evaluate the efficiency of regenerative design ...

[Egypt: Scatec, AMEA Power close financing on large ...](#)

The financial close of two significant large-scale projects in Egypt could mark progress for the country's nascent energy storage sector.

[Scatec signs PPA for large-scale solar-plus-storage ...](#)

Norway's Scatec Asa has signed a 25-year power purchase agreement (PPA) with Egypt Aluminium for a 1.1 GW solar plant with 100 MW/200 MWh of battery energy storage. The agreement has been billed

Egypt's first hybrid solar project to break ground next ...

Norway's renewable energy producer Scatec will begin work on Egypt's first hybrid solar power and battery storage project in the first half of 2025. The company has signed a US dollar-denominated 25-year power purchase ...

The Project Financing Outlook for Global Energy Projects

Both the US and global energy storage markets have experienced rapid growth over the last year and are expected to continue expanding. An estimated 650 gigawatts (GW) ...

[Project Financing in Renewable Energy: A Complete ...](#)

Learn all about project finance, key concepts, evolution, challenges, and future trends in the clean energy sector in this ultimate guide.

Scatec starts construction of large scale solar and battery storage

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy will be sold under a USD ...

Egypt: African Development Bank to provide \$184.1 million for ...

The Board of Directors of the African Development Bank Group has approved a financing package of up to \$184.1 million to support the development of the Obelisk 1-gigawatt ...

[AfDB approves \\$184M financing package for Africa's ...](#)

The African Development Bank (AfDB) Group has greenlit up to \$184.1 million in financing for the Obelisk solar energy project in southern Egypt. Designed to be the continent's largest solar power installation, the facility will ...

BII, AfDB, EBRD to provide \$479.1m for Egypt solar and battery project

Sherine Shohdy, Head of Egypt Office and Coverage Director, BII, said: "Our financing in this landmark project reflects BII's commitment to pioneering the next generation of ...

IFC, AMEA Power launch Egypt's 1st battery energy storage system

Arab Finance: The International Finance Corporation (IFC) has announced a \$72 million investment to support Egypt's first utility-scale battery energy storage system ...

[Thermal Energy Storage , Buildings , NREL](#)

An inter-office energy storage project in collaboration with the Department of Energy's Vehicle Technologies Office, Building Technologies Office, and Solar Energy Technologies Office to provide foundational science ...

[BII signs over \\$300 million in agreements to ...](#)

CAIRO, 19 June 2025: British International Investment (BII), the UK's development finance institution and impact investor, has signed over \$300 million in agreements to support two pioneering renewable energy projects in ...

Amea Power secures financing for Egypt's first grid-scale energy storage

AMEA Power confirmed on 16 June the financial close of Egypt's first grid-scale battery energy storage system, a 300MWh facility in Kom Ombo, Aswan Governorate. The project extends the ...

Scatec starts building a big solar and battery storage project in Egypt

Norwegian solar energy company Scatec has started building Obelisk, a project in Egypt with a capacity of 1.1 gigawatts (GW) of solar energy and 100 MW/200 MWh of battery ...

[Scatec reaches financial close for the 1.1GW solar](#)

We are proud to partner with leading development finance institutions to support Egypt's clean energy ambitions, and we look forward to delivering this important project together with our partners," says Scatec CEO ...

Scatec Secures Funding for Ambitious 1.1GW Solar and 100MW ...

Exciting news is coming out of Egypt as Scatec ASA hits a major milestone with the financial close of its "Obelisk" hybrid solar and battery storage project. This landmark ...

Scatec signs PPA for 1 GW solar and 100 MW/200 MWh battery storage

Scatec has signed a mandate letter with several development financing institutions for concessional financing and expects to reach financial close with the lenders and ...

AfDB Commits \$184 Million to Africa's Largest Solar Power Plant in Egypt

The African Development Bank Group has approved up to \$184.1 million for the Obelisk solar project in Egypt, which is set to become Africa's largest solar power plant. ...

Scatec and AMEA Power Secure Financing for Major Battery ...

The financial closure of two major large-scale projects in Egypt signifies a promising advance for the country's emerging energy storage sector. Recently, developers ...

Scottec signs contract for \$650 million photovoltaic+energy storage

On March 15, 2025, Scottec signed a 25 year Power Purchase Agreement (PPA) with Egypt, investing \$650 million to build a large-scale project that includes a 100MW photovoltaic power ...
