

# Power armor solar battery box

## Overview

---

What is a powerarmor solar battery box?

Torklift International has designed a solution to ease the mind of the outdoor recreational enthusiast: the PowerArmor Solar battery box. This locking storage box bolts right onto the recreational vehicle of choice and gives you the protection of lock and key.

Are powerarmor batteries safe?

Keep expensive batteries under lock and key with PowerArmor and PowerArmor Solar's secure RV battery boxes. Each PowerArmor locking battery box comes with Torklift International's Legendary Lifetime Warranty and is proudly made in the USA. The PowerArmor battery boxes provide safe lockable storage and are available in multiple box sizes.

What size is a powerarmor battery box?

The new PowerArmor Single\* battery box (A7720R/A7720RS) is designed at 17  $\frac{3}{4}$  in length. This smaller, more versatile size of diamond plate battery box is perfect for marine and boat trailer applications when it comes to battery storage and security.

What is a powerarmor storage box?

Made from 100% heavy gauge diamond plate aluminum with black high impact powder coat frame, the PowerArmor storage box can bolt directly to your RV, boat, trailer tongue, camper bumper, etc. If you have only one battery that you need to store or keep safe from the elements, you're in luck!.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted

steel. Battery enclosures keep your batteries safe from weather and safe from theft.

Does power armor ship sooner than other items?

Some of these items ship sooner than the others. The Power Armor is a high quality locking aluminum battery box. Developed specifically to prevent increasingly common and expensive battery theft and related damage to wiring from 'cut and run' thefts. Power Armor is available in multiple sizes for both 12 and 6 Volt battery applications.
