

Seiko solar v175 battery replacement

Overview

This video tutorial demonstrates the process of replacing a rechargeable battery in a Seiko Solar powered watch. These batteries last 10-15 years and can malfunction if left in the dark. To replace a battery, gather necessary tools such as a case opener, a small screwdriver, and a new solar battery. What if I Can't get my Seiko watch repaired?

If you cannot have your watch repaired by the retailer from whom the watch was purchased because you received the watch as a gift, or you moved to a distant place, please contact SEIKO CUSTOMER SERVICE CENTER. The service may also be available on a chargeable basis at other retailers, however, some retailers may not undertake the service.

When should you stop wearing a Seiko Watch?

Immediately stop wearing the watch in following cases: ○If the watch body or band becomes edged by corrosion etc. ○If the pins protrude from the band. *Immediately consult the retailer from whom the watch was purchased or SEIKO CUSTOMER SERVICE CENTER. Keep the watch and accessories out of the reach of babies and children.
