

Solar with battery supplier quotation in Azerbaijan 2025

Overview

What's going on with Azerbaijan's new floating solar power plant?

The third announced project is a 100 MW floating solar power plant with a 30 MWh battery storage system to be located on Lake Boyukshor, close to Azerbaijan's capital Baku. The agreement is in place between the ministry, Socar Green and China Datang Overseas Investment Co. Ltd, which is set to be the main investor.

How much solar power does Azerbaijan have?

Azerbaijan's cumulative solar capacity stood at 293 MW by the end of 2024, according to figures from the International Renewable Energy Agency (IRENA). Work on a 240 MW project in southwestern Azerbaijan began last November, the same month funding was secured for two solar projects in the southeast of the country that will total 760 MW.

What is universal solar Azerbaijan?

It is between the ministry, Universal Solar Azerbaijan LLC and an unnamed Chinese company whose cooperation was determined through an auction. The investment contract covers the construction and operation of the plant, with contracts for the purchase and sale of electricity and connection to the transmission network to be signed.
