

Successful bid price of gel battery storage project in Egypt 2025

Overview

Scatec has reached financial close on its \$590 million “Obelisk” hybrid solar and battery project in Egypt.

Scatec has reached financial close on its \$590 million “Obelisk” hybrid solar and battery project in Egypt.

DUBAI, UNITED ARAB EMIRATES, 15 July 2025 – AMEA Power, one of the fastest-growing renewable energy companies in the region, is pleased to announce the successful commissioning of Egypt’s first-ever utility-scaled Battery Energy Storage System (BESS). The 300 MWh facility, fully powered by solar PV.

Egypt has secured \$479.1 million in financing to develop a 1.1 GW solar photovoltaic (PV) power plant integrated with a 200 MWh Battery Energy Storage System (BESS) in Nagaa Hammadi to accelerate its renewable energy transition. The financing was provided by the European Bank for Reconstruction and.

Search all the latest and upcoming battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Egypt with our comprehensive online database.

The European Bank for Reconstruction and Development (EBRD) is supporting Egypt’s renewable-energy sector by providing a US\$ 30 million equity bridge to Obelisk Solar Power, a special purpose vehicle owned by Scatec ASA, a leading global renewable energy developer and a key strategic client for.

To fund the initiative, IFC has committed a \$72 million loan to the Abydos Solar Project Company, a subsidiary of AMEA Power. The financing supports the integration of a 300 MWh battery storage system with the 500 MWac Kom Ombo solar plant in Aswan, which began operations in November 2024. IFC also.

The European Bank for Reconstruction and Development (EBRD) has announced a \$30m equity bridge loan to Obelisk Solar Power, a special

purpose vehicle owned by Scatec ASA, a global leader in renewable energy and a long-term strategic partner of the Bank. The financing will support the equity.
