

Successful bid price of hybrid renewable storage project in Bulgaria 2025

Overview

How many project proposals were submitted in Bulgaria's energy storage procurement procedure?

A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking to support the construction and commissioning of renewable energy storage facilities with a cumulative minimum usable capacity of 3 GWh.

How many renewables & energy storage projects have been supported in Bulgaria?

It follows the results from a similar scheme in Bulgaria which provided financial support for renewables and energy storage projects, which saw some 3,095MW of renewables and 1,176MWh of projects win support, announced last month.

Will battery projects improve energy security in Bulgaria?

The successful implementation of battery projects will significantly contribute to the security of the energy system in Bulgaria and the region." The scheme was opened by the Ministry in May, and approved by the EU last month.

How many MWh will a new energy storage project deliver?

The selected projects will deliver a total usable energy storage capacity of 9,712.89 MWh, the Ministry of Energy said on April 17, more than three times the minimum target of 3 GWh originally set by the tender. The deadline for submission of project proposals was December 5, 2024.

How much money does the NRRP provide for energy projects in Bulgaria?

Under the RESTORE initiative, launched through Bulgaria's National Recovery and Resilience Plan (NRRP), the Ministry of Energy has selected 82 projects that will collectively receive BGN 1.15 billion (approximately \$675 million) in public funding.

Will a battery energy storage system be integrated with renewable electricity plants?

Bulgaria already held the first two tenders for battery energy storage systems (BESS) that would be integrated with renewable electricity plants. Earlier this month, Renalfa IPP has started the commercial operation of its first utility-scale battery energy storage system.

Successful bid price of hybrid renewable storage project in Bulgaria

[South Africa streamlines 203 MW of wind-solar ...](#)

The South African authorities awarded project agreements to two wind-solar-storage hybrid projects that were selected in a 2 GW tech-neutral tender held under the Risk Mitigation Independent Power

[Bulgarian tender awards nearly 10 GWh of energy storage](#)

Bulgaria's standalone energy storage tender, which aimed to procure at least 3 GWh of cumulative usable capacity, ultimately awarded more than three times that amount.

Tenevo: groundbreaking of the largest hybrid project in Bulgaria

On September 19, the construction of Bulgaria's first hybrid project for renewable energy began, which includes capacities of 238 MW of solar power, 250 MW of wind turbines and batteries ...

[Bulgaria's Renewables Market Catches Second Wind](#)

With negative electricity prices increasingly appearing on the exchange, the development of electricity storage facilities by renewable energy

investors has become another ...

[Bulgarian tender for battery storage awards 9.713 MWh](#)

The 82 successful projects were allocated under the "National infrastructure for storage of renewable energy" (RESTORE) procedure of Bulgaria's National Recovery and Resilience Plan (NRRP). The available EU ...

[Bulgarian tender awards nearly 10 GWh of energy ...](#)

Bulgaria's standalone energy storage tender, which aimed to procure at least 3 GWh of cumulative usable capacity, ultimately awarded more than three times that amount.

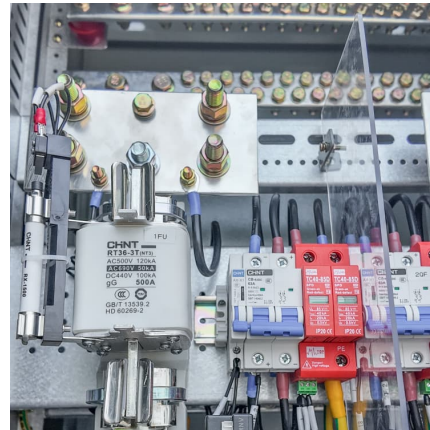

Bulgaria Archives

Bulgaria on track to add 1.5 GW of solar power by mid-2026 05 August 2025 - The pace of large photovoltaic projects in Bulgaria indicates that total capacity can reach 6 GW by the middle of next year

The standing results of the "National infrastructure for storage of

These are the results of the successfully completed evaluation of the proposals received for investments under the BG-RRP-4.0034 "National infrastructure for storage of ...

Bulgaria grants EUR 587 million to 82 battery storage projects

Developers of 82 standalone battery projects in Bulgaria, for an overall 9.71 GWh in capacity, got approval for EUR 587 million in subsidies.

[Tenevo: groundbreaking of the largest hybrid project ...](#)

On September 19, the construction of Bulgaria's first hybrid project for renewable energy began, which includes capacities of 238 MW of solar power, 250 MW of wind turbines and batteries that store up to 500 MWh of energy. The solar part, ...

[Renewable Energy Trends and Forecasting in 2025](#)

The global energy market is set to witness significant shifts in renewable energy in 2025. Learn what trends, challenges, and opportunities experts forecast.

Hybrid power plant Bulgaria

On September 19, the construction of Bulgaria's first hybrid project for renewable energy began, which includes capacities of 238 MW of solar power, 250 MW of wind turbines and batteries ...

[Solaris Holding opens 32-MW solar park with storage ...](#)

Engineering, procurement and construction company Solaris Holding AD on Tuesday opened a hybrid renewable energy park in Pernik, Bulgaria, with a solar photovoltaic capacity of 32 MWp, coupled with a 61-MWh ...

Construction begins for the first hybrid renewable energy project ...

The construction of Bulgaria's solar park Tenevo Solar, the first stage of the first hybrid renewable energy complex Tenevo, has begun. The Tenevo RES complex will also ...

[Construction begins for the first hybrid renewable ...](#)

The construction of Bulgaria's solar park Tenevo Solar, the first stage of the first hybrid renewable energy complex Tenevo, has begun. The Tenevo RES complex will also include wind turbines and energy storage ...

Sermatec Wins Major Energy Storage Project in Bulgaria, ...

Sermatec has secured an energy storage project in Bulgaria, which marks a key milestone in the region's shift toward renewable energy sources and showcases Chinese ...

[Bulgaria Receives 151 Bids for Renewable Energy ...](#)

The grant supports projects for the construction of electricity storage facilities from renewable sources, requiring a minimum capacity of 3000 MWh of usable energy, with connection to Bulgaria's transmission and ...

[How Hybrid Renewable & Storage Projects Can Support ...](#)

Commissioned in late 2025, this is Germany's largest hybrid solar-storage project: a 47 MW solar park paired with a 16 MW / 58 MWh Fluence BESS. It will power ...

Bulgaria Auctions Off 3GW Renewable Energy and 1.17GW Energy Storage

The successful developers are required to complete their projects by March 31, 2026. This auction is a crucial part of Bulgaria's National Recovery and Sustainability Plan, ...

RENEWABLE BATTERY STORAGE BULGARIA

How much money is needed for energy storage projects in Bulgaria? The Ministry of Energy of Bulgaria prepared EUR 589 million in grants for standalone energy storage projects. The ...

[Energy Storage in Bulgaria Surges with 9.7 GWh](#)

Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy reliability and grid stability.

Solaris Holding Commissioned a New Hybrid Solar Photovoltaic ...

Solaris Holding AD, a joint venture between the Bulgarian-German company SUNOTEC and the primary shareholders of Eurohold Bulgaria AD, has officially opened a new ...

TOKI: 2025 is the year of BESS

The Razlog hybrid system in Bulgaria is a milestone project, combining solar energy generation with battery storage to optimise balancing costs and create additional revenue streams. The market fundamentals--grid ...

[Sermatec Secures Energy Storage Project in Bulgaria](#)

Shanghai Sermatec Energy Technology secured a 430 MWh energy storage project in Bulgaria, offering a full-lifecycle solution to optimise grid efficiency. Sermatec began ...

Bulgaria launches call for grants for standalone energy storage units

Bulgaria prepared EUR 589 million in grants for standalone energy storage projects. The deadline for applications is November 21.

PPC has started construction of a 165 MW photovoltaic park with ...

PPC Group's development in the Bulgarian Renewable Energy Sources (RES) market is marked by the start of construction of a new photovoltaic power plant with battery ...

Bulgaria Auctions Off 3GW Renewable Energy and 1.17GW ...

This auction is a crucial part of Bulgaria's National Recovery and Sustainability Plan, aiming to support economic and social recovery post-pandemic while promoting the ...

Construction of Bulgaria's first hybrid renewable energy complex, ...

Construction of Bulgaria's first hybrid renewable energy complex, Tenevo RES, has begun by Danish Eurowind Energy and Austrian Renalfa IPP, who will operate the project ...

Hybrid Renewable Energy Projects: A Synergy of Solar, Wind, ...

These projects represent a significant step towards a sustainable energy future, where the strengths of solar, wind, battery storage, and hydrogen production are combined to ...

SUNOTEC and Sungrow Ink Landmark Deal for 2.4 GWh Energy Storage ...

SUNOTEC and Sungrow have announced a groundbreaking partnership to deploy 2.4 GWh of battery energy storage systems (BESS) across several solar energy ...

[Bulgaria's 3 GWh standalone energy storage tender ...](#)

A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking to support the construction and commissioning of renewable energy ...
