

Successful bid price of residential ESS project in Ukraine 2025

Overview

It is expected that during 2025, its value will increase by 500-600 thousand hryvnias, reaching approximately 2.8 million hryvnias. Why are house prices rising in Ukraine?

House prices in Ukraine continue to rise, driven by elevated construction costs and a limited supply of new housing. This extended overview from the Global Property Guide covers key aspects of Ukraine's housing market and takes a closer look at its most recent developments and long-term trends. [Table of Contents](#).

How many purchase and sale agreements were registered in Ukraine in 2024?

According to the latest annual report from the Ministry of Justice of Ukraine, which compiles data from public and private notaries, 178,439 purchase and sale agreements for apartments and residential buildings were registered in 2024 - up 3.36% compared to the previous year.

How much external funding does Ukraine need?

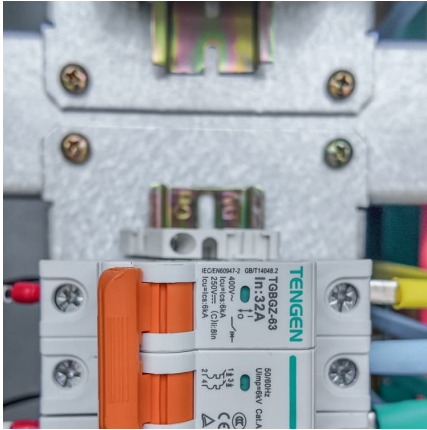

Data Source: NBU. Ukraine remains heavily reliant on external funding from international partners to bolster its defense and sustain its economy amid ongoing conflict. According to the Centre for Economic Strategy, in 2024, the country received USD 41.6 billion in external budgetary support.

When did Ukraine start implementing public investment management reform?

In 2024, Ukraine's Cabinet of Ministers started implementing its public investment management reform. It established a Strategic Investment Council to coordinate the development, submission, and evaluation of investment projects. On September 10, the Council formed and approved a Single Public Investment Projects Portfolio.
