

Successful bid price of rooftop solar battery project in Egypt 2025

Overview

Scatec launches \$590M 1.1GW solar and battery storage project in Egypt, marking a significant milestone in renewable energy development and grid infrastructure expansion.

Scatec launches \$590M 1.1GW solar and battery storage project in Egypt, marking a significant milestone in renewable energy development and grid infrastructure expansion.

Egypt has secured \$479.1 million in blended financing from three major development finance institutions to support its first large-scale integrated solar photovoltaic (PV) and battery storage project. The 1 GW Obelisk Solar Power plant, located in the Nagaa Hammadi region, will include a 200 MWh.

Egypt has secured \$479.1 million in financing to develop a 1.1 GW solar photovoltaic (PV) power plant integrated with a 200 MWh Battery Energy Storage System (BESS) in Nagaa Hammadi to accelerate its renewable energy transition. The financing was provided by the European Bank for Reconstruction and.

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy will be sold under a USD-denominated 25-year Power Purchase Agreement (PPA) with the Egyptian Electricity Transmission Company (EETC), backed by.

The European Bank for Reconstruction and Development (EBRD) is supporting Egypt 's renewable-energy sector by providing a US\$ 30 million equity bridge to Obelisk Solar Power, a special purpose vehicle owned by Scatec ASA, a leading global renewable energy developer and a key strategic client for.

Scatec ASA has reached financial close for the "Obelisk" hybrid solar and battery storage project in Egypt. The non-recourse project financing comprises USD 479.1 million provided by the European Bank for Reconstruction and Development (EBRD), African Development Bank (AfDB), and British.

A consortium of development banks including British International Investment (BII), the African Development Bank (AfDB) and the European Bank for Reconstruction and Development (EBRD) is providing \$479.1m in financing for a 1.1 gigawatt (GW) solar power plant integrated with a 200 megawatt-hour.

Successful bid price of rooftop solar battery project in Egypt 2025

[MENA Solar and Renewable Energy Report](#)

In collaboration with: The Middle East and North Africa saw 2019 again confirm the growth and importance of commissioning large projects and launching additional phases of their renewable ...

France: Undersubscribed Rooftop Solar Tender, Electricity Prices ...

It is worth noting that the French Ministry of Industry and Energy has previously announced a reduction in incentives for rooftop solar projects below 500kW starting from ...

BII, AfDB and EBRD support pioneering solar and battery storage project

Egypt's first integrated solar and battery storage plant developed by Scatec will deliver dispatchable clean energy, enhance grid stability and manage peak demand BII's ...

[AMEA Power successfully commissions landmark](#)

The battery storage facility is an extension of AMEA Power's operational 500MW Solar PV Plant in Aswan Governorate, Egypt, commissioned in

December 2024. It remains the largest operational single-site solar PV plant ...

BII, AfDB, EBRD to provide \$479.1m for Egypt solar and battery ...

The project, which will be Egypt's first integrated solar and battery storage plant of this scale, is expected to enhance grid stability and help manage peak electricity demand.
