In an exciting development for renewable energy in Africa, Qair, an Independent Power Producer (IPP), has successfully closed a loan to finance a significant 60MW hybrid solar photovoltaic and battery energy storage system (BESS) project in Mauritius. This initiative is poised to play a crucial.

The Mauritius government's 2025 budget is a testament to its commitment to sustainable development, with a strong focus on renewable energy initiatives. This comprehensive plan aims to enhance energy efficiency and reduce the nation's dependency on fossil fuels, positioning Mauritius as a leader in.

The four projects in the Stor'Sun initiative that Qair won in 2024 are now funded, and will aim to provide a consistent 12-hour energy output. Renewable energy developer Qair has secured financing from SBM Bank (Mauritius) Ltd for its Stor'Sun I and II hybrid solar-plus-storage projects. These two.

French renewable energy producer Qair has secured a loan agreement to finance the construction of 60 MW of hybrid solar and storage projects in Mauritius. The funding, provided by the State Bank of Mauritius (SBM Bank), will support the implementation of four projects awarded to Qair in 2023 under.
