

# Tokyo 300mw energy storage

## Overview

---

Taiwan-based HD Renewable Energy won five grid-scale battery storage projects totaling about 300MW/1.5GWh (253MW derated) in Japan's second long-term decarbonization auction (LTDA), it said on May 6, 2025.

Taiwan-based HD Renewable Energy won five grid-scale battery storage projects totaling about 300MW/1.5GWh (253MW derated) in Japan's second long-term decarbonization auction (LTDA), it said on May 6, 2025.

HD Renewable Energy (HDRE, TWSE: 6873), a global smart energy leader based in Taiwan, has further expanded its footprint in Japan's battery energy storage system (BESS) capacity market. In the 2025 round of Japan's Long-Term Decarbonisation Power Source Auction, the company secured five new BESS.

HD Renewable Energy, a global leader in smart energy from Taiwan, has boosted its role in Japan's battery energy storage system (BESS) market. In the 2025 round of Japan's Long-Term Decarbonisation Power Source Auction, HDRE won five new BESS projects. These projects total around 300MW, which.

Taiwan-based HD Renewable Energy won five grid-scale battery storage projects totaling about 300MW/1.5GWh (253MW derated) in Japan's second long-term decarbonization auction (LTDA), it said on May 6, 2025. OCCTO's results published on April 30, 2025, show that special purpose companies (SPC).

HD Renewable Energy (HDRE, TWSE: 6873), a global smart energy leader based in Taiwan, has further expanded its footprint in Japan's battery energy storage system (BESS) capacity market. In the 2025 round of Japan's Long-Term Decarbonisation Power Source Auction, the company secured five new BESS.

Taiwanese company HD Renewable Energy won five energy storage projects totalling 300MW during Japan's long-term decarbonisation power source auction. HD Renewable Energy, listed on the Taiwan Stock Exchange under

code 6873, has strengthened its presence in Japan's energy storage market. The company.

Rendering of a battery storage project in development in Japan by Orix, winner of the auction's single biggest contract for a BESS bidding unit. Image: Orix. Over a gigawatt of bids from battery storage project developers have been successful in the first-ever competitive auctions for low-carbon.
