Do you have a question about the TPS-946 and is the answer not in the manual?

Maximum Power Voltage : 17.5V • Do not place the SCA solar maintenance battery charger where it is not able to get Maximum Power Current : 85.7mA adequate ventilation. Do not place on fabric/leather/vinyl seats, on the.

SCA TPS-946 is a solar maintenance battery charger designed to maintain 12-volt batteries, including lead-acid, deep-cycle, calcium, gel, and AGM batteries. It is suitable for maintaining batteries in vehicles, boats, and other applications where batteries may discharge over time due to natural.

I have a car that lives in the garage (with a glazed door) most of the time, and needs the battery topping up. I bought a solar charger last week and attached it to the car by the battery connections. The blue indicator lamp flashed as it was connected. The next day I noticed that the blue lamp was.

en används samt eventuella säkerhetsrisker. Användaren ska alltid stämmer helt överens med oss. Solcellspanelen ska hanteras försiktigt. Panelen är sk eller insidan av ström som laddar batteriet. Lys ioden blinkar vindrutan. då ba igarettuttaget teriet inte kan laddas ur helt. Laddaren ska inte.
