

Turnkey BESS EPC contract price in Dominican

Overview

What is a turnkey Engineering Procurement & Construction (EPC) cost assessment?

This assessment focuses on turnkey engineering procurement, construction (EPC) installed costs, fixed maintenance (or maintenance service agreement) costs. Data and input was collected from EPRI projects, publicly-available and fee-based analyses², and surveys of vendors, integrators, analysts, consultants, and service providers.

What is an EPC agreement containing Bess project performance guarantees?

An EPC agreement containing BESS project performance guarantees will contain detailed testing procedures as well as provisions for liquidated damages in the event that a constructed BESS project is unable to pass applicable performance testing.

What are typical performance guarantees for Bess projects?

Whether acquired from the EPC contractor in an EPC agreement or an equipment supplier in an equipment supply agreement, typical performance guarantees for BESS projects include round trip efficiency, capacity, speed of charge/discharge, availability, ramp rate/response time and noise.

How to switch from EPC to O&M contract?

Conditions to hand over from EPC portion to O&M contract. Normally suggested to have two different contracts between Employer and Bidder. In such case, specific conditions for contracts switching should be met: declared COD, performance at hand over, availability of spare parts, availability of O&M staff, full operation of control system.

Are EPC costs fixed or fixed?

Fixed Costs: Engineering, general expenses, and mobilization have fixed costs with some scaling with size. Therefore, EPC costs for smaller system are a

higher percentage of the total cost than larger systems. Lithium ion installed costs are projected to decrease by over 40% by 2030.

Turnkey BESS EPC contract price in Dominican

E2500 Caribbean

This liquid-cooled, high-density BESS is available with optional microgrid controller & ATS. With front-only access, containers can be placed back-to-back and stacked vertically to maximize ...
