

Turnkey mobile ESS unit EPC contract price in Ireland

Overview

What is a SEAI / Energy Performance Contract (EPC)?

SEAI are open to applications all year round. Energy efficiency / decarbonisation projects that set organisations on a trajectory to net zero. and support the energy contracting supply chain. Energy Performance Contracts (EPCs). Sample contract available [here](#).

What is an EPC & how does it work?

An EPC can be simply defined as the provision of energy services with a guaranteed outcome. With an EPC, the ESCo takes full responsibility for the design and installation of a particular energy or carbon saving measure in return for a share of the potential cost savings.

What makes an EPC different to traditional contracting?

What makes an EPC different to traditional contracting is the focus on project outputs, such as carbon and energy savings, and not simply on supplying the technology. An EPC can be simply defined as the provision of energy services with a guaranteed outcome.
