

Utl solar battery

Overview

UTL solar battery is specially designed C10 rated lead-acid batteries for solar as well as other applications. These solar batteries contain high quality tall tubular polypropylene containers that provide complete protection from high heat and are also optimized for high-capacity.

UTL solar battery is specially designed C10 rated lead-acid batteries for solar as well as other applications. These solar batteries contain high quality tall tubular polypropylene containers that provide complete protection from high heat and are also optimized for high-capacity.

UTL Solar is a solar company in India, manufacture all type of solar product including solar panel, inverter, battery, and all types of solar power systems for home and business. We offer an extensive range of products including Online UPS, Offline UPS, Inverters, Battery Chargers, SMU (Solar.

UTL's Solar Tubular Power batteries produce high power and voltage, they stand tough in all operating conditions. They are precisely manufactured as per the latest technical innovations. The batteries are made extra durable by using the high quality of tall tubular polypropylene containers which.

UTL solar is one of the best solar brands and manufacturer of all types of solar products such as solar panel, solar inverter, solar battery, solar charge controller, etc. UTL is the one and only brand who provide the complete range of solar solution under one roof. Its solar solution range.

Float vent plug for electrolyte level indicator, covered with hdpe material caps & c20 rated solar battery for better performance. High life cycle of 1500 at 80% dod with non-leaking vent plugs, high-pressure die casting, and very low self-discharge rate of 2mv per day. Introducing the UTL 150Ah.

UTL 150AH Solar Inverter Battery produce high power and voltage, they stand tough in all operating conditions. Get superb battery backup along with unmatched maintenance-free long life. This 150Ah solar battery is totally fit to be used in various applications and it is Eco-friendly. UTL's 150Ah.

UTL's latest Lithium-Ion Battery— 240V-100AH model—is here to revolutionize the way you use power. This battery is packed with advanced features, smart design, and long-lasting performance that makes it a perfect fit for both residential and commercial users. The UTL 240V-100AH Lithium-ion battery.
