

Yinbang business park energy storage thermal management company

Overview

Who does yinbang serve?

Yinbang serves tesla, GE, BMW, Mercedes Benz and other automobile brands by establishing cooperation with internationally renowned heat exchanger manufacturers.

Why should you choose yinbang for automotive heat exchangers?

With the automotive water tank, air conditioner and other materials of full aluminum and lightweight, brazing aluminum alloy composite material consumption has maintained a rapid growth, Yinbang focus in this field for the automotive heat exchanger industry users to provide a full range of high-quality aluminum alloy products and solutions.

How yinbang is promoting the application of aluminum alloy composite materials?

With the rapid development of China's rail transit industry, Yinbang has established cooperation with customers to promote the application of aluminum alloy composite materials in the coolers (cooling systems) of rail transit vehicles, such as electric locomotives, EMUS, engineering maintenance cars, subway and other models.

Who is yinbang clad material?

Yinbang Clad Material Co.,Ltd. (hereinafter referred to as the "company") was founded in June 1988, located in hongshan Street, Xinwu District, Wuxi, the birthplace of Wuyue culture. The company covers an area of 300,000 square meters and has more than 1,000 employees. The company was listed in Shenzhen Stock Exchange in July 2012.
